FURTHER IMPORTANT INFORMATION

Please choose modules **from one semester only**. Once you have your timetable, it is possible to add courses from the other semester that do not create timetable conflicts. Note that the number of exchange students per course may be limited.

We **highly recommend** exchange students to choose the courses **Austrian Language** and/ or **Doing Business in Austria** to make the most of their experience abroad.

Please note that the **elective language courses** will be held at the same time so it is only possible to select one of them. Not all the languages may be offered as courses depend on a minimum number of students.

German-speaking students can choose any courses from the curriculum. However, they are advised to select modules from **one semester and one program** (i.e. Business Management, Hotel Management, Digital Business Management and Public Management) only.

The curricula and detailed **descriptions** of the courses, modules or components of each module can be found online at:
